

**South Carolina Energy Efficiency Roadmap
Stakeholder Workshop #1
South Carolina Archives and History Center
November 18, 2019**

Objectives:

- *Foster a community of energy efficiency (EE) stakeholders in South Carolina*
- *Create a shared understanding of energy efficiency landscape with common terminology*
- *Establish consensus on a set of shared objectives for a comprehensive, inclusive and feasible state-wide EE strategy*
- *Collectively work within our own organizational structure(s) to implement these goals*

Time	Session	Goal
8:30 – 9:00am	Coffee and Networking	
9:00 – 9:15am	Welcome	Describe vision and outline objectives for the day
9:15 – 9:30 am	Current EE Landscape in South Carolina	Provide the scope of EE in the context of this initiative and an analysis of current EE investment in the state
9:30 – 10:30am	Review of EE recommendations	Review the status of EE recommendations from the 2016 Energy Plan
10:30-10:45am	Break	
10:45-12:15pm	South Carolina's shared objectives	Using results from the stakeholder survey, the group will discuss a set of shared objectives that will be most impactful for the state
12:15-1:00pm	Lunch	
1:00-1:30pm	Discussion of Shared Objectives and EE Working Groups	Coalesce around 2-3 shared objectives and establish working groups to discuss how to achieve the objectives
1:30-3:00pm	Working Group breakouts	A facilitated, focus area-specific discussion of potential initiatives for each working group. Each group will walk through an ideation activity for each shared objective. <ul style="list-style-type: none">• Efficient Buildings• Energy Equity / Energy Burden• Utility Programs• Financing Mechanisms• Non-profit and Public Entities
3:00-3:30pm	Concluding remarks	Wrap up and a discussion of next steps
