South Carolina Electric Cooperatives
Residential Energy Incentives
Energy incentives available to residential customers in South Carolina

All Electric Cooperatives
www.energysmartsc.org/beat-the-peak

Beat the Peak
Allows members to voluntarily sign up to receive notifications of peak demand periods. Notifications are sent via text, e-mail and/or voice messages at times when they can help reduce electricity use.

Smart Thermostat Program
Launched in 2018, this program is designed to complement the Beat the Peak Program. Member cooperatives offer smart thermostats at a discounted rate.

Aiken Electric Cooperative
www.aikenco-op.org

Water Heater Incentives
Free high efficiency water heater: $200 installation fee. Water heater and timer with normal installation: $2.50 credit for 10 years. Timer only: $200 cash payment and $2.50 credit for 10 years. New construction contract home: $250.

H2O Select
Free high efficiency water heater; $200 installation fee. Water heater and timer with normal installation: $2.50 per month credit for 10 years. Timer only: $200 cash payment and $2.50 per month credit for 10 years. New construction contract home: $250.

Help My House
Members receive an energy efficiency audit that will identify improvements needed. A zero-down, low-interest loan can then be used to finance any needed upgrades.

Berkeley Electric Cooperative
www.berkeleyelectric.coop

Earth Connect Geothermal Heat Pump
The geothermal heat pump incentive is $250/ton.

Dual Fuel Heating System
Dual Fuel System rebate is $500/home.

H2O Advantage
Water heater rebates ranging from $200 - $400.

Home Advantage Loan Program
Geothermal heat pumps, water heaters, heat pumps, air conditioners, caulking/weather-stripping, duct/air sealing, building insulation, windows, doors, custom/others pending approval. Max loan $15,000.

Energy Audits
Accredited auditors audit homes to help save money on electric bills.

Energy Advance Loan
Loan to help finance energy improvements from storm doors to large appliances. Loans range from $500 to $10,000.

Blue Ridge Electric Cooperative
www.blueridge.coop/services

H2O Select Water Heater Rebate Program
Water heater rebates ranging from $200 - $600.

Heat Pump Loan Program
Heat pump and geothermal heat pump loans ranging from $1,000 - $15,000.

Power Rewards Program
This program rewards customers that allow Blue Ridge Electric Cooperative to put a switch on their air conditioner, heat pump unit or electric water heater to cycle them on/off during periods of peak electric demand. Incentives range from $13 – $40 per year.

JULY-2019

South Carolina Electric Cooperatives

The information contained herein is provided for information purposes and is subject to change. Please check with the electric provider for the most current information and program details.

Laurens Electric Cooperative
www.laurenselectric.com

Energy Star Rate Schedule
This is a separate energy efficiency rate for members with standard residential service with homes that meet Energy Star requirements.

Home Rewards Program
Residential members who live in single-family homes receive cash back for making energy-efficiency improvements to their homes. Rebates for HVAC upgrades, ductwork, attic insulation, and dual-fuel heat pumps are available ranging from $75 - $500.

Commercial and Industrial Lighting Upgrade Incentive
Incentive to reduce the purchase price of premium, reliable, energy efficient lighting products. Reimbursement of up to 25% of the total project cost with a cap of $7,200.

Mid-Carolina Electric Cooperative
www.mcecoop.com

H2O Select
This program provides 100% financing with no interest or finance charges to pay for installing new standard high efficiency electric water heaters in existing homes.

Energy Tips
Online energy tips.

Santee Electric Cooperative
www.santee.org

Energy Audits
Energy experts are available to answer questions about energy efficiency. If requested, they are also available to perform an Energy Audit and recommend improvements.

H2O Select
Members that purchase and install a new large capacity electric water heater that meets co-op approval and includes a Santee Electric installed load management device receive a $200 rebate.

Help My House
Members receive a FREE home energy audit, choose a contractor to make energy improvements, finance the improvements with a low-interest loan, and pay for the improvements on the monthly electric bill.

Energy Saving Tips
