

# 2012 IEEE International Electric Vehicle Conference

**Date:**  
4-8 March 2012

**Location:**  
TD Conference Center  
Greenville, SC USA  
-and-  
Clemson University  
International Center for  
Automotive Research  
(CU-ICAR)  
Greenville, SC USA

**Sponsors/Patrons:**

For more information and

## **FEATURED KEYNOTE SPEAKER**

**DR. JULIAN WEBER**  
**BMW Group, Project i**  
**Head of Innovation Projects e-Mobility**

Attend the first IEEE International Electric Vehicle Conference (IEVC) to gain insights on cutting-edge, global trends in technology, engineering, standards and deployment aspects from academic and industry thought leaders of the fast-growing electric mobility ecosystem.

### **Who Will Be There**

Along with Dr. Julian Weber, leading experts from Bosch, BYD, Chrysler, Delphi, Duke Energy, EDTA, GE, FedEx, KEMET, MBTech, ProTerra, SAE, Valeo, Volkswagen and many others will be on hand to share their knowledge and experience in this evolving field.

### **What Will Be Discussed**

Keynote and panel sessions will include:

***Focused EV Topics:*** Systems Architecture, Component & Energy Storage, Fleet Management, Infrastructure Solutions, Standards, Power Electronics, Systems Modeling, Simulation & Testing, Information & Communication Control

***Plus:*** International EV Market Development, New Manufacturing Concepts, New Trends in Battery Technologies, Power Grid Opportunities

### **Who Should Attend**

IEVC is *the* international venue for those with interest or perspective in transforming the transportation industry via electrification.
