

## 2015 Fifth Annual South Carolina Green Schools Summit Energy Efficiency + Health

When: Thursday, **Oct. 1, 2015**, from 8:30 am-4:00 pm (EDT)

Where: River Bluff High School, 320 Corley Mill Road, Lexington, SC 29072

Summit Description: Energy efficiency and indoor air quality are important components of a high performing school. Designers, administrators, and other stakeholders can collaborate to achieve both, while saving money and improving student health and performance.

Attend the summit for a day of inspiration and education, followed by a case study and tour of a green school.

### Sponsorship Opportunities:
