

Action Items

SC Energy Plan Phase I - Subcommittee #1: Electric Infrastructure

1. Dept of Energy – Risk Profile map

http://www.energy.gov/sites/prod/files/2015/06/f22/SC_Energy%20Sector%20Risk%20Profile.pdf

Please see page 2 and provide feedback to the subcommittee regarding the usefulness of the map provided by DOE. Also, please consider any possible enhancement (e.g., utility service areas) we may want to add to the map if it is acceptable. Or, please identify other alternate map sources to consider.

Target Date: 3/4/2016

2. Consider available capacity in transmission lines via a congestion study. Central Electric will investigate and report back to the subcommittee regarding the applicability of OASIS data to address this Action Item. **Target Date:** 3/4/2016
3. Duke Energy will draft a narrative discussing the history of the grid evaluating its origin and the various evolutions over time. **Target Date:** 3/11/2016
4. On the webpage find the spreadsheet entitled "Smart Meter Penetration in SC." Please reply to the subcommittee if the spreadsheet is acceptable or offer edits for consideration. **Target Date:** 3/4/2016
5. Once the spreadsheet has been approved, please provide the information for the subcommittee to review. **Target Date:** 3/16/2016

Next meeting:

Tuesday, March 22, 2016 at 2:00 PM - 3:30 PM at ORS.
