

# Action Items

## SC Energy Plan

### Phase I - Subcommittee #4: Energy Use and Resources

---

1. ORS will send an access link (within 2-3 days) to the ArcGIS map to the subcommittee. The utilities will determine if the territorial boundaries depicted on the ArcGIS map are acceptable and report back to the subcommittee.  
**Target Date:** 3/10/2016
2. ORS will provide a spreadsheet (within 2-3 days) to the utilities requesting SAIDI/SAIFI reliability data. The completed spreadsheets are to be shared with the subcommittee. **Target Date:** TBD
3. ORS will provide a spreadsheet (within 2-3 days) to the utilities requesting electricity consumption information by sector (residential, industrial and commercial). SCANA will coordinate the utilities to aggregate the information to provide statewide electricity consumption information. **Target Date:** TBD
4. ORS will provide a spreadsheet (within 2-3 days) to the utilities requesting natural gas consumption information by sector (residential, industrial, commercial, transportation and electric generation). SCANA will coordinate with the utilities to aggregate the information to provide statewide natural gas consumption information. **Target Date:** TBD
5. ORS will provide a spreadsheet (within 2-3 days) requesting the utilities to provide EE&DR program descriptions. The completed spreadsheets are to be shared with the subcommittee. **Target Date:** TBD
6. ORS will provide a spreadsheet (within 2-3 days) requesting the utilities to provide an inventory of electric generation assets. The completed spreadsheets are to be shared with the subcommittee. **Target Date:** TBD

7. CCL will draft a narrative regarding Act 236 and its significance towards encouraging statewide renewable resources. **Target Date:** TBD
8. SCANA will coordinate with the utilities to aggregate retail and wholesale energy generation and capacity information. **Target Date:** TBD

**Next Meeting:**

Thursday, March 10, 2016 from 2:00 – 3:30 pm at ORS
