SC Energy Plan

Phase I - Subcommittee #4: Energy Use and Resources

2. ORS will provide a spreadsheet (within 2-3 days) to the utilities requesting SAIDI/SAIFI reliability data. The completed spreadsheets are to be shared with the subcommittee. **Target Date:** TBD

ORS SAIDI/SAIFI spreadsheet provided. For reference, we used the format in the DEC/DEP quarterly filings (filing provided). If acceptable, please use the IEEE standard 1366-2003 to calculate the indices. Also, please provide a 12-month rolling average and a year-to-date if available. Question: Is there a way to aggregate this data to generate a statewide system reliability statement?

DEC/DEP, we will use the data in your filing unless you say otherwise.
