

Energy Use and Resources Subcommittee

April 12, 2016 Meeting Notes

The following action item follow up commitments were made:

Action Item #1 (Service Territories & Map):

- Jimmy Bagley has drafted and submitted for review a disclaimer
- SCEC and ORS will continue to work to develop an ArcGIS map. This task will be considered as part of the Energy Plan work next year.

Action Item #2 (SAIDI/SAIFI Data):

- Coops will provide SAIDI/SAIFI data

Action Items #3 & #4 (Consumption Electricity & Gas):

- Expected delivery: Coops – submitted 2014, end of April to update
- Santee Cooper – will resend to include NG consumption
- SCE&G will attempt to add a column to cover DER/QF and whether owned or purchased

Action Item #5 (EE/DR):

- Focus on listing programs (SCEC won't aggregate; footnote if 'opt-outs' don't apply)
- CCL provided language on net v gross – small edits made
- Opt out info submitted by Duke, still due for SCE&G, footnote that doesn't apply to SCEC and Santee Cooper

Action Item #6 (Generating Assets Inventory):

- DHEC & NRL will finalize biomass plants not directly connected to utility.
- SCE&G to lead effort with others to consolidate inventory reporting to include QFs/DER

Action Item #7 (A236 Narrative):

- Complete.

Action Item #8 (Capacity/Generation):

- John Raftery will work with others to update the pie charts. Provide allocated, unallocated and EIA pie charts.

Pending due date on all deliverables: **April 21, 2016**
